#### ABOUT THE AESTHETICS HQ

The Aesthetics HQ is an aesthetics clinic that specialises in improving cosmetic appearance through the treatment of conditions including scars, wrinkles, pigmentation, cellulite, unwanted hair and spider veins. We offer intravenous treatments with various benefits and treat weight loss with medical and hormonal intervention. Most of our treatments are non-surgical with a minimum of down-time. We do offer liposuction that has longer recovery time, but with radical results.

We advise on overall health and wellbeing as well as treating specific conditions. Many of the treatment protocols rely on your body's own immune system being stimulated and increased health will result in a more desired outcome.

Our treatments are for those who wish to improve their physical appearance and overall well-being. We want to help you look and feel your best. We recognize the importance of identifying each individual's personal aesthetic needs. Make an appointment for a consultation to understand the process to achieve your new image goals. We have incorporated the latest innovative technologies to enhance your results with minimal side effects and downtime. We emphasize educating the client on how the technology works and what to expect. Each individual is assessed free of charge and will receive advise and a quote without requiring commitment.

#### Dr Claire Jacobsohn (Wits 2002; MB BCH)

Since her 1st Aesthetic Medicine courses in 2005, Dr Claire has subsequently completed numerous advanced workshops and master classes in Botox and Dysport; fillers, including Restylane; Juvederm; Teosyal; Antheis; Belotero; Radiesse; Ellanse and Perfecta, amongst others.

Dr Claire performs BodyTite liposuction procedures and is accredited from Genop and Sinclair to perform Silhouette Soft "thread-lift" procedures.

Other skills in her repertoire include chemical peels, laser and radio frequency technologies, sclerotherapy, medically assisted weight loss programs, IV infusions, PRP, bio-identical hormones and anti-aging medicine.

Dr Claire is registered with AAMSSA (Aesthetic and Anti-aging Medicine Society of South Africa); FAIM; SAMA and the HPCSA.
